

Motor Yacht MARTINA,
a 31m Falcon built
in Italy in 2002, fully
refurbished in 2016 and
RINA classed, combines
sophisticated luxury and
top performance.
This elegant yacht will
cruise you around the
Aegean or the Ionian,
smoothly and speedily.

MARTINA

Spending time
aboard MARTINA
is an experience that
combines luxury and
authenticity, especially
due to her spacious
outdoor areas,
which provide comfortable
water access and
ideal leisure spaces for
family and friends.

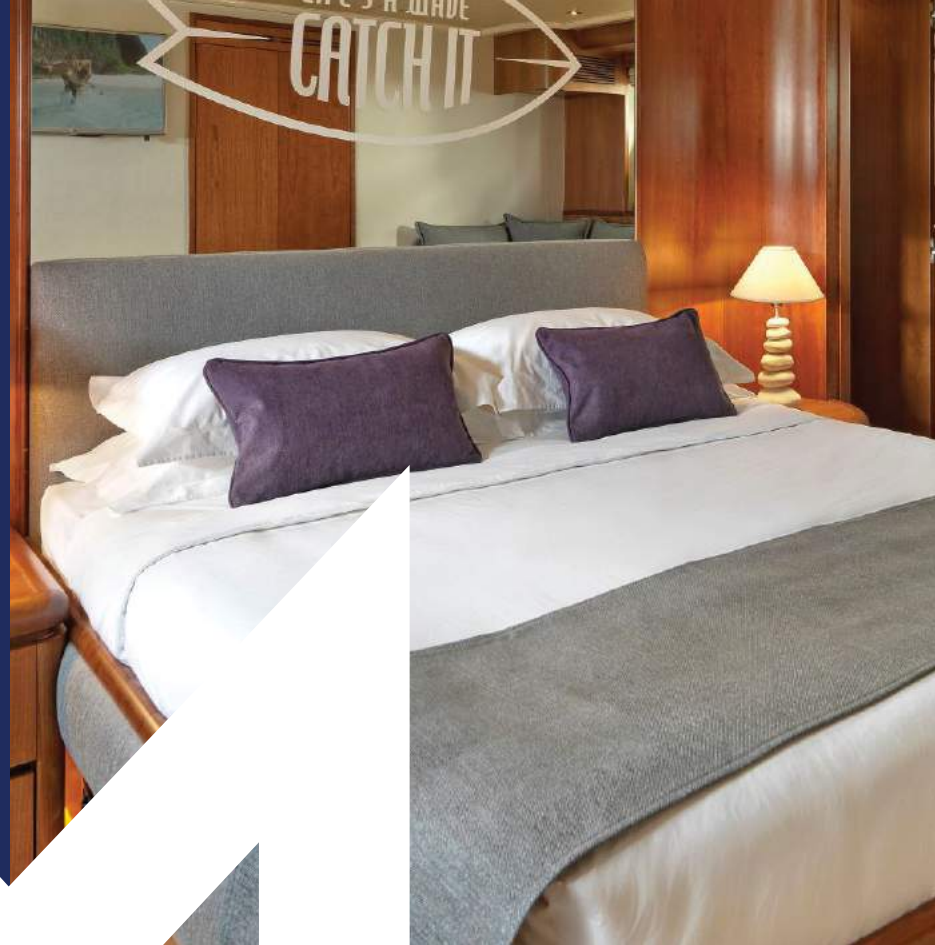

The efficiency of Falcon
design is evident in
MARTINA's interior details
and fine materials.
Warm wood plays with
off-white, beige and light
grey textiles, artfully
combining indulgence
with geniality.

The generosity of space
in the main deck matches
perfectly with its large,
panoramic windows,
creating a radiant and chic,
but also comfortable and
Zen ambience, with just
a touch of spontaneity.

MARTINA indulges up to 12 guests in 5 sumptuous and comfortable cabins: 1 Master, 1 VIP, 1 double and 2 twins (each with one pullman bed). Bathrooms are en-suite, and each cabin provides full entertainment facilities (TV, Audio, iPad).

On board Wi-Fi, Audio, Home Cinema, Cable & SAT TV & audio equipment in all cabins, mini iPads in all cabins, movie library, music library, GoPro camera, printer/scanner/copier.

In action 4.6m tender, 3-seater jet ski, water ski, SUP, wakeboard, folding bicycle, variety of inflatable water toys, as well as snorkeling & fishing equipment.

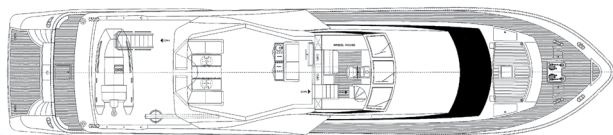

We ensure that we contribute positively to the environment and the local communities around us.

Each year we support not-for-profit organizations that protect marine life by donating a percentage of our revenues.
